

Swine

PRODUCT PORTFOLIO

Kemin uses advanced molecular science to develop industry-leading solutions for swine gut health, nutrition, feed quality, and pathogen control. It's just one of the ways we sustainably transform the quality of life every day for 80% of the world with our 500+ ingredients, which are all backed by technical, lab, and product support. This ensures you have a partnership where you get the most out of every product. We use our decades of experience and scientific expertise to unlock discoveries that improve swine health and performance — from better immune function to nutrient absorption.

Meet Your Kemin Swine Team

Kemin Animal Nutrition and Health has an expansive team of technical, sales, and marketing experts in the swine market, along with a legacy of building relationships and leveraging expertise to maximize your production potential.

KEMIN SWINE PRODUCT PORTFOLIO

Feed Quality

ANTIOXIDANTS

ENDOX® dry antioxidant
 NATUROY® Plus dry antioxidant
 NATUROY® Premium liquid antioxidant
 RENDOX® AET liquid antioxidant
 RENDOX® AT 20 liquid antioxidant
 RENDOX® CQ liquid antioxidant
 RENDOX® RG liquid antioxidant
 KN-50 IP organic-compliant liquid antioxidant

MOLD INHIBITORS

Ammo CURB® dry and liquid mold inhibitor
 KALLSIL® zeolite anticaking aid
 Myco CURB® dry and liquid mold inhibitor
 Ultra CURB® dry and liquid mold inhibitor
 SHIELD® Granules dry mold inhibitor

Pathogen Control

FEED SAFETY

Sal CURB® liquid antimicrobial

WATER QUALITY AND PREMISE DISINFECTION

KEM SAN® liquid antimicrobial
 OXINE® AH and PRO-OXINE® AH

Pelleting Efficiency

SURFACTANTS

MillSAVOR™ liquid
 MillSAVOR™ liquid concentrate

Nutrition

TRACE MINERALS

KemTRACE® Chromium trace mineral
 KemTRACE® Zinc OMRI Listed® trace mineral

ACIDIFIERS

KEM-GEST™ for swine dry feed acidifier

BIOSURFACTANT

LYSOFORTE® Extend dry biosurfactant

Gut Health

ACTIVE MICROBIALS

CLOSTAT® dry active microbial
 CLOSTAT® WS active microbial
 ENTEROSURE® multi-strain active microbial

INTESTINAL INTEGRITY

ButiPEARL® encapsulated source of butyric acid
 ButiPEARL® Z encapsulated source of butyric acid and zinc

PHYTOGENIC

Aleta™ 1,3-beta glucan

ACIDIFIERS

FORMYL™ encapsulated source of formic and citric acid

Kemin is your one-stop shop

Services and support to maximize the value of your Kemin ingredients.

KEMIN CUSTOMER LABORATORY SERVICES

Our lab services include testing for:

- Feed quality
- Feed safety
- Oxidation control
- Water quality

KEMIN APPLICATION SOLUTIONS

Our team can help you with:

- Site surveys
- Equipment design
- Installation
- Commissioning
- Ongoing maintenance

KEMIN TECHNICAL SERVICES

Turn to our team for support with:

- Product recommendations
- Research collaboration
- Trials
- Protocol development
- Troubleshooting
